PAROO SHIRE

DISASTER DASHBOARD

"Opt In" to receive weather warnings and emergency news

BETTER INFORMED IS BETTER PREPARED

TAKE HOME TO MUM, DAD OR YOUR CARER

1 Open the Disaster Dashboard

Go to **https://dashboard.paroo.qld.gov.au/**. Agree to the website disclaimer and accept the privacy policy. Select:

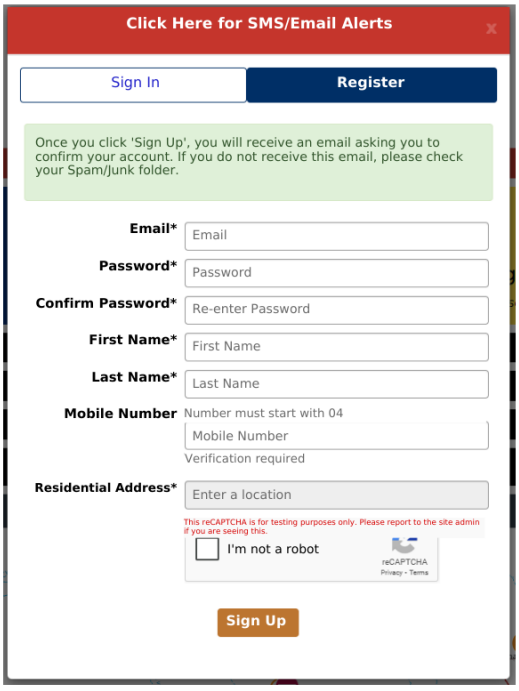

2 Register your details

Select **Register** and complete the required information:

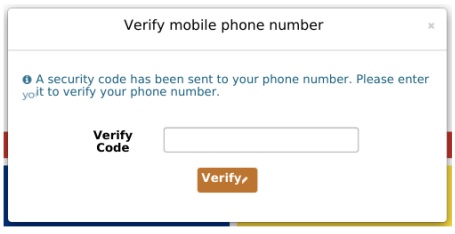

- Email address
- Password and confirm password
- First name and last name
- Mobile number (starts with 04; verification required)
- Residential address
- Complete the "I'm not a robot" check

Then select **Sign Up**. You will receive an email to confirm your account. If it does not arrive, check your **Spam/Junk** folder.

3 Verify your phone and email

Enter the code sent to your phone and select **Verify**. Open the email sent to you and click its link to verify your email address.

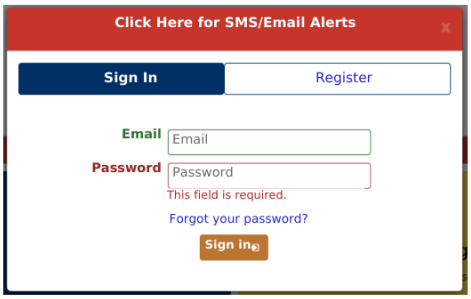

Turn over to sign in and choose your alerts →

DISASTER DASHBOARD

Finish your sign-up • Keep this guide at home

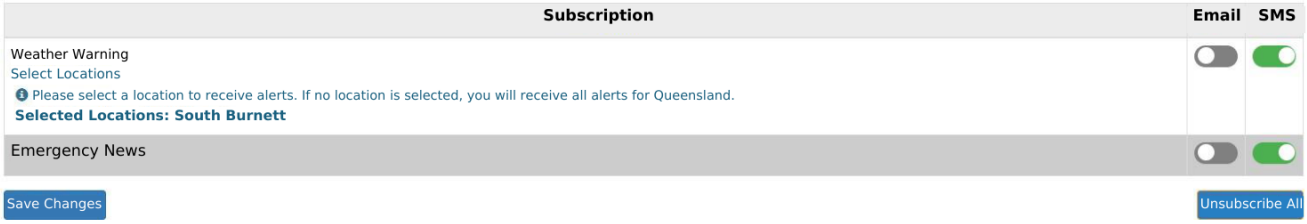

4 Sign in

Once you have verified **both your email and phone number**, sign in to the Disaster Dashboard using your email and password.

5 Choose your alerts and save

Select your **region** and preferred notification method: **Email** or **SMS**. Choose the alerts you want and select **Save Changes**. You can update your preferences in the dashboard at any time.

Example screen: select your own location. The supplied example shows South Burnett, not Paroo.

PLEASE READ: ALERTS AND ACCOUNT SETTINGS

Locations: Select a location for weather warnings: a specific suburb or "Select All". The example screen says that if no location is selected, all Queensland alerts will be received.

Weather warnings: Notification emails are sent only if the Bureau of Meteorology (BoM) issues a weather warning for the suburb or Council area. Visit the BoM website for further weather warning information.

Emergency Alert (EA): This opt-in service does not replicate or replace EA, the national telephone-based emergency warning system. Emergency services send SMS and voice messages through EA whether or not you subscribe to this opt-in service.

SMS and outages: SMS relies on independent telecommunications networks and power. Emergencies can cause outages or system failures; NBN and telecommunications disruptions can delay or prevent notifications. Keep a battery-powered radio or a powerbank for your mobile phone as a backup for emergency communications.

Change your details: Use your profile page to change your name, mobile number or password. Your registered email cannot be changed; create a new account if your email address changes.

Unsubscribe: At the bottom of the page, select "Unsubscribe All" and confirm.

Original example details (South Burnett): The supplied screenshot thanks users for choosing Council's opt-in service and lists "SBRC Alerts" as the SMS sender, dashboard.southburnett.qld.gov.au, info@sbrc.qld.gov.au and 07 4189 9100 for assistance. These are example details, not Paroo contacts.

In an emergency, call Triple Zero (000).
