4	Leadership	Provides leadership and support to the Maintenance and Capital works teams. Ensures all workers under direct and indirect supervision have sufficient resources and skills to meet their performance targets	6 months
5	Communication and Customer Service	Provides a high level of communication and customer service to the community and all workers at Council.	6 months

Key Responsibilities and Duties

Work Health and Safety Leadership

- Lead staff to ensure that site documentations and completed forms from work crews including meeting the requirements of the Safety Management System of Paroo Shire Council
- Create a safe and healthy work environment and support supervisors to ensure work crews follow council procedures on plant maintenance and council's work procedures.
- Deliver training and ensure that the supervisors complete WHS and job site safety documentation
- Model safe and healthy workplace behaviour in all areas of the role

- Be willing to call out and manage inappropriate behaviour

Planning

- Lead, plan, consult and deliver the documentation of the 10 years resourcing plan based on the 10 years Capital and Maintenance program from the Asset Management Plans.
- Lead, plan, resource, estimate budget, schedule, program, consult and deliver the allocated one-year Capital and Maintenance Program including maintenance of the 4 towns.
- Plan and manage day to day activities of the annual maintenance program including forecasting of operational works

Project Delivery

- Check daily paperwork form work crews including prestart, plant inspections, daily timesheets, work orders, (RMPC), traffic plans and hired plant records and submit to Infrastructure Administration Officer for processing.
- Lead the organising, resourcing and management of wet and dry plant hire and liaise with Works Operations Officer for procurement/purchase orders
- Coordinate movement of teams and plant operators to increase productivity and resource management.
- Undertake other reasonable tasks up to and including your competency and level

Leadership

- Lead Council's responses to customer requests related to Council's built assets
- Lead Council's immediate response to Natural Disaster events
- Provide leadership, support and technical advice to operational teams and ensure works programs are being carried out to approved plans, within approved budget and timeframes.
- Lead the organisation, programming, planning and prioritisation of works within the approved and allocated works program and advise and manage areas of risk

Communication and Customer Service

- Report regularly to the Director of Infrastructure on the programs being undertaken
- Communicate expectations clearly to Supervisors and ensure these are passed on to the individual team members
- Work effectively with other teams within Council to ensure efficient delivery of operations

Skills and Experience

Work Health and Safety Leadership

- Demonstrated knowledge of Quality Assurance, EEO, Workplace Health and Safety and anti-discrimination regulations and practices
- Demonstrated experience creating a strong WHS culture in work teams
