

The next 5 years for PAROO SHIRE

We Want Your Feedback – Be Part of Shaping the Future

Paroo Shire Council is refreshing the Shire's Corporate Plan and you are invited to take part in an interactive workshop.

What does "Corporate Planning" really mean?

The Corporate Plan is high-level document that is used to set out the vision for the next 5 years including the goals Council will focus upon. This plan will focus on the Shire overall.

The plan guides the development of "actions" to achieve these goals.

How Can you Participate?
